LoFric Elle Pro

User-friendly packaging.

- **LoFric Elle Pro multiple eyelets** are designed to allow for complete bladder emptying without the need to reposition the catheter.¹
- **Improving the success rates** of catheterisation – the L-shaped handle improves visibility when using a mirror and makes it easier to locate the urethra. It also supports a more upright, natural position during catheterisation.

- **L-shaped handle** for a good grip, extra reach, and non-touch technique.
- **Ready to use** – ready when you need it, to enable fast handling and catheterisation.
- **Smooth eyelets.**
- **LoFric catheters** are coated with the unique Urotonic™ Surface Technology. This ensures

the catheter remains smooth and safe, both during insertion and withdrawal.^{2,3}

- **Lower container** is recyclable as plastic (polypropylene).
- **Not manufactured with PVC**, phthalates or latex.
